Musculoskeletal and Pain Management

Pain is one of the most common reasons for people to see a health professional. It is a main feature of many health conditions, and the impact of pain on peoples lives is broad and invasive.

If you have ever wondered why pain is so complex, or how to help people manage their pain more effectively, the postgraduate papers in Pain and Pain Management available via distance learning will provide you with a good foundation for practice.

Postgraduate qualifications of interest to Physiotherapists:

The PG Certificate/Diploma/Masters in Health Sciences endorsed in Musculoskeletal Management
